

SUNLAMP - DANGER - ULTRAVIOLET RADIATION
WOLFF SYSTEM REPLACEMENT LAMPS IN COMPLIANCE WITH FEDERAL STANDARD 21 CFR 1040.20(e)(2)(iii)
(fully documented and submitted as to substantial equivalency).

Follow instructions. Avoid overexposure. As with natural sunlight, overexposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause premature aging of the skin and skin cancer. WEAR PROTECTIVE EYEWEAR; FAILURE TO MAY RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES. Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamps if you are: using medications, have a history of skin problems or believe yourself especially sensitive to sunlight. If you do not tan in the sun, you are unlikely to tan from the use of this product.

ALWAYS RETAIN THESE USER INSTRUCTIONS FOR FUTURE REFERENCE AND WOLFF SYSTEM LAMP COMPATIBILITY INFORMATION. LAMPS LISTED IN BOLD ARE WOLFF SYSTEM LAMPS.

- **Contraindication:** This product is contraindicated for use on persons under the age of 18 years
- **Contraindication:** This product must not be used if skin lesions or open wounds are present
- **Warning:** This product should not be used on individuals who have skin cancer or have a family history of skin cancer
- **Warning:** Persons repeatedly exposed to UV radiation should be regularly evaluated for skin cancer

SUNLAMP - DANGER - ULTRAVIOLET RADIATION
WOLFF SYSTEM REPLACEMENT LAMPS IN COMPLIANCE WITH FEDERAL STANDARD 21 CFR 1040.20(e)(2)(iii)
(fully documented and submitted as to substantial equivalency).

Follow instructions. Avoid overexposure. As with natural sunlight, overexposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause premature aging of the skin and skin cancer. WEAR PROTECTIVE EYEWARE; FAILURE TO MAY RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES. Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamps if you are: using medications, have a history of skin problems or believe yourself especially sensitive to sunlight. If you do not tan in the sun, you are unlikely to tan from the use of this product.

SUNLAMP - DANGER - ULTRAVIOLET RADIATION
WOLFF SYSTEM REPLACEMENT LAMPS IN COMPLIANCE WITH FEDERAL STANDARD 21 CFR 1040.20(e)(2)(iii)
(fully documented and submitted as to substantial equivalency).

Follow instructions. Avoid overexposure. As with natural sunlight, overexposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause premature aging of the skin and skin cancer. WEAR PROTECTIVE EYEWARE; FAILURE TO MAY RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES. Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamps if you are: using medications, have a history of skin problems or believe yourself especially sensitive to sunlight. If you do not tan in the sun, you are unlikely to tan from the use of this product.

ALWAYS RETAIN THESE USER INSTRUCTIONS FOR FUTURE REFERENCE AND WOLFF SYSTEM LAMP COMPATIBILITY INFORMATION. LAMPS LISTED IN BOLD ARE WOLFF SYSTEM LAMPS.

- Contraindication: This product is contraindicated for use on persons under the age of 18 years
• Contraindication: This product must not be used if skin lesions or open wounds are present
• Warning: This product should not be used on individuals who have skin cancer or have a family history of skin cancer
• Warning: Persons repeatedly exposed to UV radiation should be regularly evaluated for skin cancer

Table with columns: FAMILY, REFERENCE LAMP TYPE, REPLACEMENT LAMPS WOLFF SYSTEM, REPLACEMENT LAMPS NON-WOLFF. Rows include ETERNAL SUN XPR 9K90, ETS ELITE, ETS ELITE SELECT, ETS ELITE ULTRA, and ETS ELITE PLUS.

SUNLAMP - DANGER - ULTRAVIOLET RADIATION
WOLFF SYSTEM REPLACEMENT LAMPS IN COMPLIANCE WITH FEDERAL STANDARD 21 CFR 1040.20(e)(2)(iii)
(fully documented and submitted as to substantial equivalency).

Follow instructions. Avoid overexposure. As with natural sunlight, overexposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause premature aging of the skin and skin cancer. WEAR PROTECTIVE EYEWEAR; FAILURE TO MAY RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES. Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamps if you are: using medications, have a history of skin problems or believe yourself especially sensitive to sunlight. If you do not tan in the sun, you are unlikely to tan from the use of this product.

ALWAYS RETAIN THESE USER INSTRUCTIONS FOR FUTURE REFERENCE AND WOLFF SYSTEM LAMP COMPATIBILITY INFORMATION. LAMPS LISTED IN BOLD ARE WOLFF SYSTEM LAMPS.

- **Contraindication:** This product is contraindicated for use on persons under the age of 18 years
- **Contraindication:** This product must not be used if skin lesions or open wounds are present
- **Warning:** This product should not be used on individuals who have skin cancer or have a family history of skin cancer
- **Warning:** Persons repeatedly exposed to UV radiation should be regularly evaluated for skin cancer

SUNLAMP - DANGER - ULTRAVIOLET RADIATION
WOLFF SYSTEM REPLACEMENT LAMPS IN COMPLIANCE WITH FEDERAL STANDARD 21 CFR 1040.20(e)(2)(iii)
(fully documented and submitted as to substantial equivalency).

Follow instructions. Avoid overexposure. As with natural sunlight, overexposure can cause eye and skin injury and allergic reactions. Repeated exposure may cause premature aging of the skin and skin cancer. WEAR PROTECTIVE EYEWEAR; FAILURE TO MAY RESULT IN SEVERE BURNS OR LONG-TERM INJURY TO THE EYES. Medications or cosmetics may increase your sensitivity to the ultraviolet radiation. Consult a physician before using sunlamps if you are: using medications, have a history of skin problems or believe yourself especially sensitive to sunlight. If you do not tan in the sun, you are unlikely to tan from the use of this product.

ALWAYS RETAIN THESE USER INSTRUCTIONS FOR FUTURE REFERENCE AND WOLFF SYSTEM LAMP COMPATIBILITY INFORMATION. LAMPS LISTED IN BOLD ARE WOLFF SYSTEM LAMPS.

- **Contraindication:** This product is contraindicated for use on persons under the age of 18 years
- **Contraindication:** This product must not be used if skin lesions or open wounds are present
- **Warning:** This product should not be used on individuals who have skin cancer or have a family history of skin cancer
- **Warning:** Persons repeatedly exposed to UV radiation should be regularly evaluated for skin cancer
